APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

North
This permit to change the manner of use of the waters of Zephyr Cove Creek as heretofore granted under Permit No. 9320, is issued subject to the terms and conditions imposed in said Permit No. 9320 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The quantity of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 0.05 cubic-foot per second.

Actual construction work shall begin on or before June 31st, 1958.

Proof of commencement of work shall be filed before July 31st, 1958.

Work must be prosecuted with reasonable diligence and be completed on or before June 31st, 1959.

Proof of completion of work shall be filed before July 31st, 1959.

Application of water to beneficial use shall be made on or before

June 31st, 1962. Proof of the application of water to beneficial use must be filed with State Engineer on or before July 31st, 1962.
